Capture Taos's legendary light during five days of plein air painting this summer. Traveling from Peggy's studio you'll paint at some of her favorite sites in a small class with plenty of individual attention and personally tailored instruction. This is an oil painting workshop and all levels of painters are welcome.

The goal of this five day plein air workshop is to help you develop a process for producing successful landscape paintings en plein air so that you can quickly capture your own vision on canvas. Each day we focus on one of the major skills needed for landscape painting and cover methods to adapt to the plein air environment. We'll address composition, shapes, values, color, edges, brushwork, subject selection and atmospheric perspective. Daily demonstrations and lectures with accompanying handouts will be followed by painting and one on one critiques in the field where you will be able to practice these principles. Plan on producing a minimum of two small paintings each day. Please join us for an exciting and informative week in Taos.
